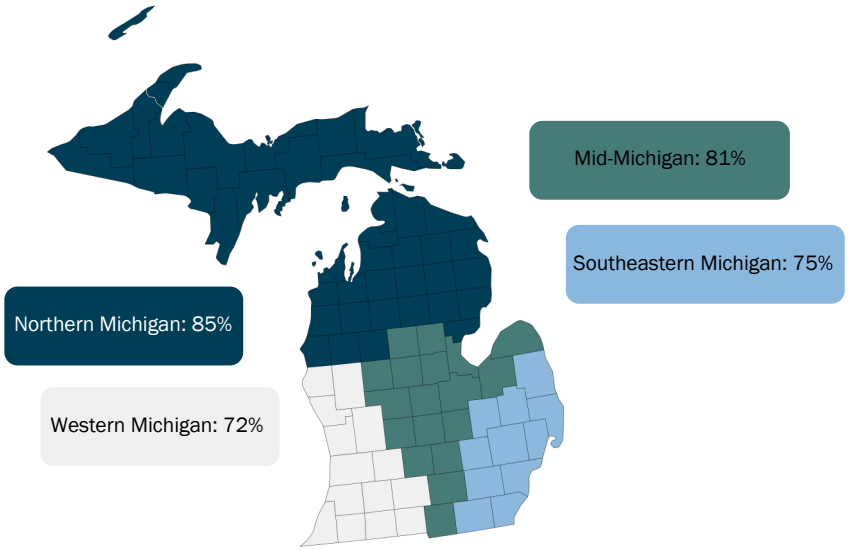
August 2025

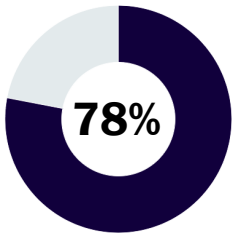
MICHIGAN RESPONDENTS STRUGGLE TO AFFORD HEALTH CARE:
Selected results from the Consumer Health Experience Survey (CHESS)

Percent of Michigan Respondents that Reported Concerns about Affording Health Care in the Future, by Region

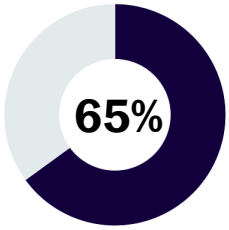


68%

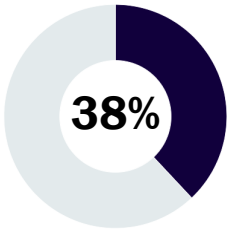
Percent of respondents who experienced at least one healthcare affordability burden in the past 12 months.



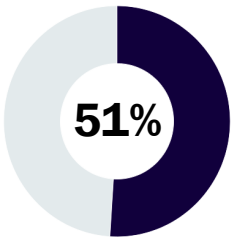
Percent of respondents that believe everyone should have access to the health services they need without financial hardship



Percent of respondents that delayed or went without health care due to cost in the last 12 months



Percent of respondents who received a medical bill they did not expect in the past 12 months.



Percent of respondents "somewhat" or "very worried" about affording prescription drugs

Top Three Health Priorities Michigan Respondents Believe that Federal or State Government should Work Toward Fixing:

1. Address high health care costs, including Rx
2. Health insurance for those who can't afford coverage
3. Improve Medicare
