

Michigan Strategies to **Medicaid Services and Immigrant Coverage**

Medicaid Administration

States design their Medicaid programs using different administrative structures and oversight mechanisms. Approaches may include the use of managed care, medical loss ratio requirements, site-neutral payment policies, vendor partnerships for enrollment, and coordination with Medicare. This section assesses how states administer Medicaid to balance efficiency, oversight, and consumer protections. Strategies examined in this section include:

- States Utilize Medicaid Managed Care

- States Partner with Vendors for Medicaid Enrollment and/or Eligibility

- Medicaid-Medicare Integration

Medicaid Covered-Services

State Medicaid programs vary in the range of services they cover beyond federal minimum requirements. Some states have expanded coverage to include fertility treatments, doula services, abortion care, gender-affirming services, hearing aids, vision care, and dental services. This section reviews the extent to which states provide enhanced benefits to improve access and health outcomes. Strategies examined in this section include:

- Medicaid Coverage for Fertility Services

- Medicaid Coverage for Doula Services

- Medicaid Coverage for Abortion Care

- Medicaid Coverage for Gender Affirming Care

- Medicaid Coverage for Hearing Aids

- Medicaid Coverage for Eye Exams and Glasses

- Medicaid Coverage for Dental Services

Medicaid Eligibility

Eligibility rules determine who can access Medicaid coverage and the scope of their benefits. States can expand eligibility through Medicaid expansion, extend postpartum coverage, provide continuous eligibility, and adjust asset and income rules for specific populations. Some states also provide coverage to individuals reentering the community after incarceration. This section examines how states structure Medicaid eligibility to promote access and continuity of care. Strategies examined in this section include:

- Medicaid Expansion

- Retroactive Medicaid

- Continuous Eligibility for Adults Enrolled in Medicaid

- 12-Month Postpartum Coverage

- Medicaid Coverage for Re-Entry Populations

- Expanded Asset Limits for Adults Enrolled in a Medicaid Aged, Blind, or Disabled Program

- Life Insurance Exemptions for Eligibility in Medicaid for Aged, Blind and Disabled Program

- Retirement Account Exemptions for Eligibility in Medicaid for Aged, Blind and Disabled Program

Immigrant Coverage

States may extend coverage to immigrants who are otherwise excluded from federal programs, such as undocumented children or adults. Additional policies include state-funded options for prenatal, postpartum, or child health coverage, as well as coverage for lawfully present immigrants without a five-year waiting period. This section evaluates state actions to close coverage gaps for immigrant populations. Strategies examined in this section include:

- Coverage Options for Pregnant Immigrants (FCEP and Postpartum Coverage)

- Coverage for Immigrant Children without a Five-Year Bar

- State-Funded Coverage Options for Undocumented Children

- State-Funded Coverage Options for Undocumented Adults
